Changing Your Financial Future For Ever.

Woods Marketing Group Mentor Program is designed to make it possible for each member to learn techniques and teach others how to run a successful online store. Using the WMG Success Kit is simple, the most important thing is to advertise. Advertise your products and the business will sell itself.

## Our Mission.

At Woods Marketing Group our mission in business is to put Jesus first in our lives. The way we've chosen to do that is to help stem the tide of poverty in a world where the rich get richer and poor get poorer, and help people stop being a slave to their credit cards and master the art of Network Marketing. By doing this it will eventually cut back on some of the recidivism of our friends & family after they have paid their debt to society instead of not being able to find a job due to having been incarcerated can now work from home in their own business.

A picture is worth a thousand words is how we see it. We suggest that you go to our [MultiMedia Center](#) and view our video collection. By doing so you will get a detailed understanding of Network Marketing.

## A Plastic Society.

Everybody knows that in a "High-Tech" world the way to make money on the Internet is by being able to know how to anticipate trends.

By knowing exactly when a trend is going to become a fad or when it is going to become the way of the future. Right now if you've been paying attention we are quickly moving closer to becoming a plastic society. Did you know that you could purchase a prepaid debit card from "Walgreens"? Now everybody is selling them why not you?

This current trend is to buy prepaid debit cards. WMG says why not Network Market them? You don't have to buy them because they are "Free" from "Safe Pay Solutions". In their referral program they pay you on your debit card \$20.00 for simply referring a friend.

It's hard to believe but yet true. You make money each and everytime someone you refer uses their card. Just think of it, to get paid just because, someone else got paid. It's like getting your own franchise at bargain basement Network Marketing prices. If you have people that trust your judgement and are looking for a secondary income and don't mind a little hard work then you are mentor material.

## Looking to move forward financially?

### Put Jesus first in your life.

If you want success in life you must understand that it is a process. To live a productive life you must make positive effort your best friend & study with mentors.

### Be your own Boss.

Finally a way to be paid what you think your worth, instead of what some boss thinks. As your own boss you deserve a raise.

### On your way to Freedom.

Woods Marketing Group is the vehicle. The success kit is the key to your financial freedom, let's drive!!

## WMG Created the Success Kit.

The success kit is broken down into three different parts. 1) your very own website, online store complete with back office & high tech products. 2) a number of step by step working techniques. 3) personally trained mentors to guide you every step of the way.

The success kit is ultimately designed to help you be successful and be your own boss and help others. Because we are a Christian based company we believe strongly in tithing, and for that reason we choose to match any tithe's that our members choose to make to non-profit organizations and churches that they choose to donate to.

## Additional Business Opportunities.

We are continually looking for network marketing opportunities to introduce to our members that will enrich them spiritually, physically, and financially. We've chosen Safe Pay Solutions, AmeriPlan, & Mannatech to intergrate needs and services that are required to be a self employed entrepreneur. With multiple streams of income from the various Network Marketing companies that we believe are the most reputable and the best product or service companies that we could find.
